GENERAL SCHEDULE #2 - Michigan Public Schools

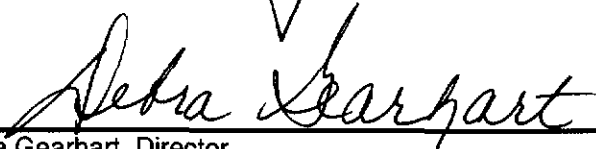

This Retention and Disposal Schedule covers records that are commonly found in **public school districts**. This schedule supersedes Bulletin 522 that was approved on March 18, 1997. The records that are described on the attached pages are deemed necessary (1) for the continued effective operation of Michigan government, (2) to constitute an adequate and proper recording of its activities, and (3) to protect the legal rights of the government of the State of Michigan and of the people. We, the undersigned, believe that this schedule meets the administrative, legal, fiscal and archival requirements of the State of Michigan.

GENERAL RETENTION SCHEDULE #2 MICHIGAN PUBLIC SCHOOLS INTRODUCTION

Public Records

The Michigan Freedom of Information Act (FOIA) ([MCL 15.231-15.246](#)) defines public records as recorded information “prepared, owned, used, in the possession of, or retained by a public body in the performance of an official function, from the time it is created.”

Retention and Disposal Schedules

Michigan law (MCL [399.5](#) and [750.491](#)) requires that all public records be listed on an approved Retention and Disposal Schedule that identifies the minimum amount of time that records must be kept to satisfy administrative, legal, fiscal and historical needs. Local situations may require retention beyond the periods listed, and nothing prevents a school district from retaining records longer than the specified period of time. Schedules also identify when records may be destroyed, and when certain records can be sent to the Archives of Michigan for permanent preservation. *Records cannot be destroyed unless their disposition is authorized by an approved Retention and Disposal Schedule.* All schedules are approved by the Records Management Services, the Archives of Michigan and the State Administrative Board. There are two types of schedules that government agencies may use:

- A “general schedule” will cover records that are common to a particular type of government agency, such as a school district. General schedules may not address every single record that a particular agency may have in its possession. *General schedules do not mandate that any of the records listed on the schedule be created.* However, if they are created in the normal course of business, the schedule establishes a minimum retention period for them.
- Any record that is not covered by a general schedule must be listed on an “agency-specific schedule” that will address records that are unique to a particular government agency. Agency-specific schedules always supersede general schedules. Agency-specific schedules only address the records of the agency named on the schedule, and may not be used by another agency.

Unofficial Documents

General Schedule #1 addresses the retention of “nonrecord” materials. These documents are broadly defined as drafts, duplicates, convenience copies, publications and other materials that do not document agency activities. These materials can be disposed of when they have served their intended purpose. School districts need to identify the “office of record” when multiple offices possess copies of the same record. The “office of record” is responsible for following the retention period that is specified, duplicates do not need to be retained. A more comprehensive definition of “nonrecords” can be found in the approved schedule (available online at http://www.michigan.gov/documents/hal_mhc_rms_GS1_local_110758_7.pdf).

Record Maintenance

Records can exist in a wide variety of formats, including paper, maps, photographs, microfilm, digital images, e-mail messages, databases, etc. The retention periods listed on this general schedule do not specify the format that the record may exist in, because each government agency that adopts this schedule may choose to retain its records using different recording media. Government agencies are responsible for ensuring that all of their records (regardless of format) are properly retained and remain accessible during this entire retention period. All records need to be stored in a secure and stable environment that will protect them from tampering, damage and degradation. Electronic records are dependent upon specific hardware and software to be accessed and used. It is important to understand that the original technology that is used to create electronic records will eventually become obsolete. As a result, school districts should work with their information technology staff to develop preservation plans for retaining electronic records with long-term (more than 10 years) retention requirements. Various laws (including the Records Reproduction Act, [MCL 24.401-24.406](#)) identify acceptable formats for retaining public records; agencies are responsible for understanding and complying with these laws.

Public Disclosure

Select records series that are listed on this schedule may be exempt from public disclosure, in accordance with the provisions of various state and federal laws. Please consult with your attorney if you need additional information.

Suspending Destruction

School districts must immediately cease the destruction of all relevant records (even if destruction is authorized by an approved Retention and Disposal Schedule) if they receive a FOIA request, if they believe that an investigation or litigation is imminent, or if they are notified that an investigation or litigation has commenced. If relevant records exist in electronic formats (such as e-mail, digital images, word processed documents, databases, backup tapes, etc.), the school district may need to notify its information technology staff. Failure to cease the destruction of relevant records could result in penalties.

Dissolved Districts

If a school district is dissolved and absorbed by another school district(s), the records of the former school district must be transferred to the new district(s) to fulfill the remainder of their retention period. Intermediate School Districts may coordinate the retention of, or retain themselves, the student records of closed public schools and public school academies (if the files are not transferred to another open school) for the remainder of their retention period. The Archives of Michigan may take responsibility for preserving historically significant records (such as board meeting records, annual reports, yearbooks, graduation programs, awards, etc.). School districts in this situation should contact the Archives for assistance at (517) 373-1408 or <http://www.michigan.gov/archivesofmi/>.

HAL Can Help!

**General Retention Schedule #2
Michigan Public Schools**

Item Number	Series Title and Description	Total Retention
----------------	------------------------------	--------------------

General Administrative

- 100 Subject Files (supersedes item #K2) ACT+2

These records are used to support administrative analysis, program and project planning, procedure development, and programmatic activities for a school or school district. **Subject files are generally organized alphabetically by topic**, such as district administration, student teachers, maintenance, professional development, athletics, clubs, etc. Document types may include periodic activity reports (narrative and statistical), special reports, topical correspondence (including electronic mail), research materials, project planning notes, organizational charts, agency descriptions, etc. Subject files do NOT include files related to individual program activities, human resources files, and accounting records. For topics of continuing interest, files may be segmented into annual files. ACT = while topical file is of interest for ongoing administration.

- 101 General Correspondence (supersedes item #K1) CR+2

General correspondence does not pertain to a specific issue, teacher or student, and it **is often organized chronologically or by correspondent's name**. General correspondence may include referral correspondence. If the correspondence does pertain to a specific issue, teacher or student, it should be filed with other relevant records. General correspondence may exist in a variety of formats, including memos, letters, notes and electronic mail messages. This series also includes automated or manual tools that index and/or track when correspondence was received, the topic of the correspondence, who is responsible for responding to the correspondence, and when the correspondence is considered closed for further action.

- 102 Transitory Correspondence ACT

Transitory correspondence is any form of written communication with a short-term interest that has no documentary value and need not be retained more than 30 days. This type of correspondence has limited administrative and evidential value that is lost soon after the communication is received. **Transitory messages do not set policy, establish guidelines or procedures, certify a transaction or become a receipt.** Examples of transitory correspondence include letters of transmittal that do not add information to the transmitted materials, routine requests for information that require no administrative action, policy decision, special compilation or research. This type of record also includes invitations to work-related events, notifications of an upcoming meeting, and similar records. ACT = when it is no longer of use for reference.

103	<u>Meeting Records</u> These records may include meeting minutes, agendas, and distribution materials related to staff meetings, meetings with other school districts, meetings with parents, etc. However, it does not apply to meetings of the school board and its subcommittees (see item #200).	CR+2
104	<u>Planners/Calendars</u> These may be electronic or manual planners and calendars that are used to track an individual staff member's work-related meetings, assignments, and tasks. Individual employees are responsible for retaining their planners/calendars for the duration of this retention period.	CR+2
105	<u>Freedom of Information Act (FOIA) Requests</u> This file will document any requests for information or public records maintained by the school or school district. They may include requests for information, correspondence, a copy of the information released, and billing information.	CR+1
106	<u>Budget Planning</u> These records are developed and maintained by each department in the school district to forecast the need for new facilities, equipment, supplies, staff, programs, etc. They may include budget requests, statistics, etc. ACT = while needed to administer the budget for the current fiscal year, and to prepare future budget requests.	ACT
107	<u>Grants</u> These files are used to administer grants that are applied for by the school district from state, federal and private agencies. Examples of grants include the Consolidated Application for Federal Funding (Title I, II, III, V), Section 31A grants from the Michigan Department of Education, Safe and Drug Free Schools grants from the ISD, Homeland Security, Michigan School Readiness, and Gates Foundation grants. These files may contain applications, budgets, worksheets, adjustments, plans, rules and regulations, award letters, committee records, staffing sheets with account numbers, grant evaluation/monitoring reports, audits, periodic progress reports, etc. ACT = until the grant is closed out, plus any additional time that is required by the granting agency for auditing purposes. Final reports and products of the grant may be kept longer for use and reference purposes.	ACT

321	<u>Medicaid (supersedes item #J3)</u> Districts are reimbursed by Medicaid for providing eligible services to special education and other students. The Medicaid program has established documentation requirements when reimbursement is requested by any provider, including school districts. Medicaid may conduct audits of the school records to verify that payments made were appropriate. Most districts contract with a vendor to do their Medicaid billing, but some districts manage all the steps themselves to do their own billing. Nurses, teachers and therapists document the services they provide using electronic or paper records. Districts submit their claims online to the Medicaid program for certain covered services after verifying which of their students are eligible for Medicaid. These records may include doctors prescriptions/referrals, provider reports, outreach and referral service reports, etc.	FY+7
322	<u>Investments (supersedes item #A4a-b)</u> These files include statements from investment accounts that identify the date and amount of each transaction, the maturity and balance of the account. They may include cash flow and reconcile statements that summarize the beginning and ending balance of the account and all transactions dates and amounts.	FY+1
323	<u>Municipal Finance and Borrowings (supersedes item #F1-5)</u> These files document bonds for capital and construction projects, including school aid notes, School Bond Loan Fund, etc. They may include transcripts of bond proceedings and other supporting documentation.	EXP+7
324	<u>Final Affidavit of Payment (supersedes item #F3-5)</u> The final affidavit of payment is evidence that all funds that were borrowed by the school district were paid back in full.	PERM
325	<u>Bond Cremation Certificates (supersedes item #F6)</u> The Bond Cremation Act (PA 56 of 1962) requires public corporations to cremate or disintegrate obligations or interest coupons upon maturity, and to receive a certificate documenting the destruction of the records.	PERM

326	<u>Supply Inventories (supersedes item #A2e)</u> These records document the volume of supplies (office, school, maintenance, etc.) that are purchased and used.	FY+1
327	<u>Fixed Asset Inventory Data (supersedes item #A5a-b)</u> This record is a list of all major property and its book value. School district policy determines the value at which property must be included on an inventory. The value of these items is then distributed across the useful life of the property. Information on the inventory may include a description of the item, value, date purchased, depreciation amount, insurable value, building location, etc. ACT = until the annual report for the fiscal year in which the item was disposed is audited.	ACT
328	<u>Fixed Asset Annual Report (supersedes item #A5a-b)</u> The Government Accounting Standards Board (GASB) Statement 34 establishes the annual reporting requirements for financial statements prepared by state and local governments. This annual report is produced from the fixed asset inventory.	FY+7
329	<u>Audits--Support Documents (supersedes item #J2)</u> Audits of school finances are conducted annually by an independent certified public accounting firm. These files may include work papers, schedules, reconciliations, etc. ACT = until the final report is issued [see OMB Circular A-133.320 (g)].	ACT+3
330	<u>Audits--Final Report (supersedes item #A2g, I2)</u> This final report is submitted by the auditors.	PERM
331	<u>Indirect Costs (supersedes item #J1b)</u> These records are created annually to determine the allowable indirect cost rate that the district may charge to various state and federal grants. The actual indirect cost rates are determined/approved by the Michigan Department of Education.	FY+7

1205	<u>Running Red Light Report</u> Bus drivers report when a vehicle runs the red light or stop sign on the bus when the bus has stopped for passengers. It may be submitted to the public safety department, the city police and/or county sheriff. These reports often result in a ticket being issued to the offending driver, and that driver may contest the charge. The reports may include the date, bus driver's name, bus number, location of the incident, time of incident, number of road lanes, weather conditions, incident description, description of vehicle and driver, etc.	FY+1
1206	<u>Incident Reports</u> These reports are completed for miscellaneous incidents, such as when a driver hits a mailbox, a student falls on steps or icy sidewalks, etc. They may identify the driver's name, bus number, person's involved, incident description, etc.	FY+1
1207	<u>Vehicle Crash Files</u> These files document crashes involving school vehicles. They may include Traffic Crash Report (UD-10), correspondence, etc.	FY+7
1208	<u>Dangerous Railroad Crossing Reports</u> These reports are completed when a railroad crossing is not functioning properly. A copy of the report is sent to the company responsible for the crossing.	FY+1
1209	<u>Fuel Log</u> This invoice is received from the company supplying fuel to the school district. It may identify the number of gallons sold, cost per gallon, bus number, driver, etc.	FY+1

Television Services		
1300	<u>Finished Recording Products</u>	ACT
	<p>Recordings may be produced of school board meetings, sporting events, theatrical productions, concerts, award ceremonies, etc. The finished product may be the edited version of raw footage, or it may be a recording of a live event that is unedited. Finished products are aired by the television station. Due to the fact that recording technology changes over time, and the fact that recording media degrades over time, recordings will need to be migrated periodically to ensure that they remain accessible. ACT = while of reference value to the school district. Schools are encouraged to contact the Archives of Michigan prior to disposing of these records.</p>	
1301	<u>Raw Footage</u>	ACT
	<p>Raw footage of events may be edited prior to airing on the television station. ACT = until the finished product is completed.</p>	
1302	<u>Production Schedules</u>	ACT
	<p>These schedules identify events that will be recorded. They may include the date, time, event, location, staff assignment, recording length, camera type used, etc. ACT = while of reference value.</p>	
1303	<u>Program Schedules</u>	ACT
	<p>These schedules identify which programs will be aired by the television station. They may include the date, time, program length, program topic, etc. Message boards/bulletins may be aired by the television station when scheduled programming is not available. ACT = while of reference value.</p>	
1304	<u>Recording Inventory</u>	SUP
	<p>This inventory lists all recordings that are maintained of past events. They may identify the recording number, date, event, length, format, etc. The inventory is updated as new recordings are added and older recordings are destroyed.</p>

Schools--Student Records

1400A Student Files--Academic Records (CA-60) (supersedes item #1-11, 13) ACT+60

These files are maintained on each student and follow the student from enrollment through graduation, transfer or withdrawal. Personal information about the student may be collected on the CA-60 form/folder or on some other form that is used by the school district. Other documents in the file may include a photo for each school year, transcripts, withdrawal documents, GED test results, etc. ACT = until student graduates. If a student drops out, the records remain active until the expected graduation date. Schools are responsible for retaining records of students who transfer to another school district until the next school district requests the student's file. Intermediate School Districts may coordinate the retention of, or retain themselves, the student records of closed public schools and public school academies (if the files are not transferred to another open school) for the remainder of their retention period.

1400B Student Files--Other Records (supersedes item #16, 19-23, 26-27) ACT

Select documents in the student file only need to be retained while the student is enrolled and may be destroyed upon graduation (or expected graduation date). These documents may include: most recent enrollment forms, attendance records, report cards, academic progress reports, educational development plans (EDP), immunization records, court orders (relating to divorce, custody, foster care, etc.), disciplinary records (including police reports, suspension or expulsion notices, etc.), age of majority release forms, social developmental evaluations, language assessments, and relevant correspondence. ACT = until student graduates. If a student drops out, the records remain active until the expected graduation date. Schools are responsible for retaining records of students who transfer to another school district until the next school district requests the student's file.

1401 Vision and Hearing Screening Tests (supersedes item #17-18) ACT

These tests are conducted on elementary age students to identify if vision or hearing problems will affect their academic progress. These records may be retained within the student's file. ACT = until the student completes the 6th grade. Schools are responsible for retaining records of students who transfer to another school district until the next school district requests the student's file.

Michigan Public Schools

Item Number	Series Title and Description	Total Retention
1402	<u>Daily Medication Orders</u>	ACT
	These orders are signed by the student's physician or parent/guardian to authorize the school to provide medication to a student while at school. They identify the type of medication, dosage, times when the medication will be provided, etc. New orders are completed at the beginning of the school year or when a change occurs. ACT = until superseded by a new order, until a doctor determines that the medication is no longer required, or at the end of the school year, whichever is shorter.	
1403	<u>Personal Protection Orders</u>	EXP
	These court orders identify people who are not allowed to have contact with an individual student.	
1404	<u>Proof of Residency (supersedes item #5)</u>	SUP
	These records document that a student is eligible to attend schools within the school district without paying tuition fees. These records may be retained within the student's file.	
1405	<u>Student Testing Data (supersedes item #22)</u>	ACT+5
	These records contain individual student testing data for state administered standardized tests. They may be used to grant Michigan Merit Awards to students. These records may be retained within the student's file. ACT = until graduation.	
1406	<u>Student Work Permits (supersedes item #14-15)</u>	ACT+7
	Minors over the age of 14 must have a work permit prior to beginning work. Schools must approve the work permit, and new permits are required for each new job held by the teenager. These records may include the completed permit forms, job offers, approved deviations, correspondence, injury reports, workers compensation documents, work/school training agreements/contracts, etc. ACT = until graduation.	
1407	<u>Student Information System</u>	ACT
	School districts may maintain electronic data about enrolled students. This data may include student and parent names, addresses, birth date, gender, graduation year, grade level, language, race, residency status, student identification number, emergency contact information, immunizations, grades, class schedule, attendance, assessment scores,

Other fields, such as grades and test scores contain cumulative data. ACT = until graduation, transfer or withdrawal.	
1408	<u>Disclosure Records (supersedes item #28)</u>	ACT
	These records document parties who have requested or obtained personally identifiable information about a student, and the legitimate interests these parties had in requesting or obtaining the information. ACT = until the student's academic record (see item #1400A) is destroyed.	
1409	<u>Amendment/Destruction Records</u>	ACT
	These records document requests and authorizations to amend or destroy documents in a student's file. ACT = until the student's academic record (see item #1400A) is destroyed.	
1410	<u>Student Census (obsolete) (supersedes item #IIIE)</u>	CR+60
	These records identify all students who attended each school for each school year. They may identify the students, parents, address, birth date, etc. These records possess historical value and schools are strongly encouraged to retain them permanently. Schools are encouraged to contact the Archives of Michigan prior to disposing of these records.

Schools--Special Education

1700 Special Education Student Files ACT+3

Special education student files may be kept separately from the CA-60. These files may include evaluations, referrals, multidisciplinary evaluation team (MET) summaries, achievement tests, progress reports, permission forms, nursing notes, height and weight charts, doctor evaluations, psychological reports, therapy reports and scripts, behavioral plans, releases and permissions, vocational information, due process hearings, correspondence, Section 53 qualification documents, etc. ACT = until student graduates. If a student drops out, the records remain active until the expected graduation date. Schools are responsible for retaining records of students who transfer to another school district until the next school district requests the student's file.

Note: 34 CFR 300.573 states that schools "shall inform parents when personally identifiable information collected, maintained, or used under this part is no longer needed to provide educational services to the child. (b) The information must be destroyed at the request of the parents. However, a permanent record of a student's name, address, and phone number, his or her grades, attendance record, classes attended, grade level completed, and year completed may be maintained without time limitation."

1701 Individual Education Plans (IEP) (supersedes item #12) CR+6

These plans are developed primarily for special education students to identify education goals and services that will be provided by the school district to assist the student. These plans are updated at least once a year.

1702 Pupil Accounting (supersedes item #IIID) CR+5

The December 1 special education headcount is conducted annually and is reported to the Michigan Department of Education using MiCIS. The EETRK database is used to report early on students for federal funding. The report includes the student name, building, grade level, UIC code, eligibility code, etc. Supplementary records may include student rosters, resident district summaries, count day process, count day absence log, homebound summaries, transition/work study summaries, clock hours of instruction, audit summaries, etc. Other special education student count reports that are submitted to the Michigan Department of Education or the U.S. Department of Education shall also be retained for 5 years.

General Schedule #2--Public Schools

Appendix II: Definitions of Retention Codes

Retention Codes are used to establish how long records are retained by the creating agency before they are destroyed (or transferred to the Archives of Michigan for permanent retention). In addition to the retention code, a period of time, years and/or months, can be used in the calculation. The retention code plus the period of time results in a mathematical formula to determine a destruction date. Agencies can also use this formula to calculate a destruction date for records that are maintained in their offices.

ACT = Active

An active code is usually assigned to records that are case or project related. The records are retained “until the case or project is closed.” This code can also be applied to records where a subjective decision is needed to determine when the records become inactive, as with a subject file. The record is retained “until it is determined to be inactive.” The retention period is applied when the ACT condition has been met. For instance, a case file might be retained until the case is closed (ACT) plus five years.

CR = Creation

A creation code is assigned to records when a definitive retention period can be assigned. The retention period is usually based on a calendar year and where there are no conditions that must be met. For instance, correspondence has a two-year retention period. The retention period begins from the date the correspondence is created or received.

EXP = Expiration

An expiration code is typically assigned to contracts, grants or other types of agreements that must be retained until an expiration date or other legal condition has been met. For instance, contracts may be held until contract expiration (EXP) plus six years.

FY = Fiscal Year

A fiscal year code is similar to a CR code. The code is assigned to records when a definitive retention period can be assigned, however the retention is based on a fiscal year rather than a calendar year. This retention code is usually assigned to accounting records and their supporting documentation.

SUP = Superseded

A superseded code is typically assigned to records that are updated or revised at various times during the record’s lifetime. Examples would include policies or procedures. As a policy is updated and the old version is replaced or superseded, only the current version is needed.

EVT = Event

Event codes are assigned to records when a retention period is based on a future action or condition. We use this code when we know that a future action or condition will be met, but we don’t know exactly when it will happen. For instance, deeds are retained to document the ownership of land by the State of Michigan. If and when the State of Michigan divests itself of

that land, a retention period can be applied to the records. The records will be retained until the State of Michigan sells the land (EVT).

PERM = Permanent

These records are not authorized for destruction at any point in time, and will be retained in the custody of the creating agency.

General Schedule #2--Public Schools
Appendix III: Frequently Asked Questions

Q: What is a public record?

A: The Michigan Freedom of Information Act (FOIA) ([MCL 15.231-15.246](#)) defines public records as recorded information “prepared, owned, used, in the possession of, or retained by a public body in the performance of an official function, from the time it is created.”

Q: Are all records considered to be “official” records?

A: No. General Schedule #1 addresses the retention of “nonrecord” materials. These documents are broadly defined as drafts, duplicates, convenience copies, publications and other materials that do not document agency activities. These materials can be disposed of when they have served their intended purpose. School districts need to identify the “office of record” when multiple offices possess copies of the same record. The “office of record” is responsible for following the retention period that is specified, duplicates do not need to be retained. A more comprehensive definition can be found in the approved schedule (available online at http://www.michigan.gov/documents/hal_mhc_rms_GS1_local_110758_7.pdf).

Q: Are the retention periods listed on the general schedule minimum amounts of time that a record should be kept?

A: Yes. General schedules authorize, but do not require, public officials to dispose of records after the expiration of the assigned retention period. Local situations may require retention beyond the periods listed, and nothing prevents a school district from retaining records longer than the specified period of time. If records are kept for less than the amount of time listed, the school district can be penalized for unlawful destruction of records. In addition, if records are kept too long, they can waste valuable storage space, and they can become a liability to the school district if it receives a FOIA request, or if it becomes involved in litigation.

Q: Does my school district have to follow the general schedule?

A: Records cannot be lawfully destroyed without the authorization of an approved Retention and Disposal Schedule. The purpose of the General Schedule for Public Schools is to ensure that all school districts are following consistent retention practices, and to prevent individual school districts from having to develop an agency-specific schedule. However, if your school district does not want to follow the general schedule, it would need to get an agency-specific schedule approved. [Note: agency-specific schedules always supersede a general schedule.] Internal school district policies that are approved by the district’s Board of Education do not have the force of law that an approved Retention and Disposal Schedule has.

Q: What is an agency-specific schedule?

A: Agency-specific schedules are Retention and Disposal Schedules that only apply to the agency listed on the document. They are intended to cover records that are unique to that specific agency. Records that are listed on an approved general schedule should not be listed on an agency-specific schedule, unless the agency has a unique situation that justifies a different retention period than the one everyone else is following. The instructions and forms for agency-specific schedules are available online at <http://www.michigan.gov/recordsmanagement/>.

Q: What should my school district do if we create a record that is not listed on the general schedule?

A: The general schedule covers records that are common to most school districts. However, it does not claim to be inclusive of every record that all districts create. Records that are not listed on this general schedule cannot be destroyed without the authorization of an approved agency-specific schedule.

Q: What should my school district do if we do not create a record that is listed on the general schedule?

A: Nothing. General schedules do not mandate that any of the records listed on the schedule be created. However, if they are created in the normal course of business, the schedule establishes a retention period for them.

Q: What do the codes in the Total Retention column mean?

A: The **retention codes** that appear on the schedule are used to establish how long records are retained by the creating agency before they are destroyed. Retention codes determine how destruction dates will be automatically calculated by Versatile (Versatile is the records management software that is used by Records Management Services to manage the retention of records), and the date upon which the calculation will be based. Definitions of these codes can be found online at <http://www.michigan.gov/recordsmanagement/>.

Q: What do the numbers in the Total Retention column represent?

A: In addition to the retention code, a period of time, years and/or months, can be used in the calculation of the retention period. Years are expressed as whole numbers, and months are expressed as fractions. For example, the fraction "0/6" would represent 6 months. The retention code plus the period of time results in a mathematical formula that is used to determine a disposal date.

Q: Does the general schedule only cover paper records, or does it cover databases and other electronic records too?

A: Records can exist in a wide variety of formats, including paper, maps, photographs, digital images, e-mail messages, databases, etc. The retention periods listed on this general schedule do not specify the format that the record may exist in, because each government agency that adopts this schedule may choose to retain its records using different recording media. Government agencies are responsible for ensuring that their records, regardless of format, are properly retained and remain accessible during this entire retention period. Various laws (including the Records Reproduction Act) identify acceptable formats for retaining public records; agencies are responsible for understanding and complying with these laws.

Q: Does the general schedule cover e-mail?

A: Yes. Many of the record series listed on the general schedule may originate as e-mail. Those e-mail messages need to be retained for the period of time specified by the schedule. For more information about e-mail retention, please check out the online guide at <http://www.michigan.gov/recordsmanagement/>.

Q: Can records be microfilmed or digitally imaged?

A: Yes. The Records Reproduction Act (MCL 24.401-24.406) regulates the reproduction of public records by Michigan government agencies at all levels. This law requires the Michigan Department of History, Arts and Libraries to promulgate technical standards to ensure the continued accessibility and usability of records that are microfilmed or digitized throughout their retention period. The standards are also intended to help state and local governments ensure the integrity and authenticity of their records. The Records Management Services administers competitively bid master contracts for microfilming and imaging services. School districts are eligible to use these contracts to receive these services. More information is available online at <http://www.michigan.gov/recordsmanagement/>.

Q: How can I determine which records that are listed on the general schedule contain confidential information that should not be released to the public?

A: Select records series that are listed on the general schedule may be exempt from public disclosure, in accordance with the provisions of state and federal laws. Please consult with your attorney if you need additional information.

Q: Is there an appropriate way to destroy records that contain confidential information?

A: Yes. Some public records contain sensitive or confidential information. These records should not be placed in a regular trash or recycle bin when they are destroyed. It is important that government agencies ensure that these records are destroyed in a manner that prevents the inappropriate release of the information. The State of Michigan administers a master contract with a vendor that complies with the state's requirements for confidential destruction

of records. Government agencies that are interested in using this contract should contact the vendor: Certified Document Destruction, attention: Brian Dorosz, (800) 433-7876. Confidential electronic records should be destroyed in accordance with the U.S. Department of Defense “Standard Industrial Security Program Operating Manual” (DoD 5220.22-M).

Q: Who is responsible for ensuring that this schedule is followed?

A: The Michigan Penal Code (MCL 750.491) establishes misdemeanor penalties for disposing of records without the authorization of an approved Retention and Disposal Schedule. School district superintendents are responsible for ensuring that relevant staff are aware of the provisions in the schedule and follow them. The Records Management Services does not audit agencies and assess penalties. However, courts may penalize agencies for failing to follow an approved Retention and Disposal Schedule.

Q: What happens to the records of school districts that are dissolved?

A: If a school district is dissolved and absorbed by another school district(s), the records of the former school district must be transferred to the new district(s) to fulfill the remainder of their retention period. Intermediate School Districts may coordinate the retention of, or retain themselves, the student records of closed public schools and public school academies (if the files are not transferred to another open school) for the remainder of their retention period. The Archives of Michigan may take responsibility for preserving historically valuable records (such as board meeting records, annual reports, yearbooks, graduation programs, awards, etc.). School districts in this situation should contact the Archives of Michigan for assistance at (517) 373-1408 or visit <http://www.michigan.gov/statearchives/> for information.

Q: What should I do if I have suggestions for revising the general schedule?

A: Contact the Records Management Services at (517) 335-9132.
